

Articulate 360 Teams

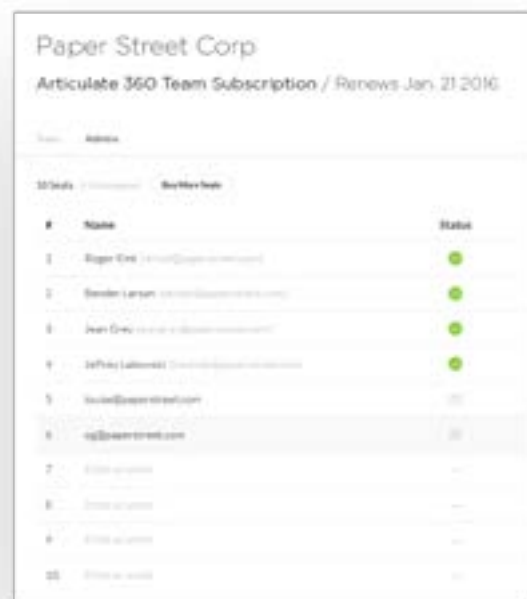

Articulate 360 Teams

Articulate 360 Teams provides simple account management, priority support, and team access to Articulate 360

Give everyone on your team everything they need to author multi-device courses, source assets, collaborate with stakeholders, and grow their e-learning skills.* Plus, get priority support* and admin tools that make managing your Articulate 360 Teams subscription a breeze.

Simple account management

Manage user, seat, and billing information in one place. Add new users to your account, transfer seats, and update in seconds. And with consolidated billing, you'll simplify budgeting and expense permissions management. Get one annual bill that covers your Articulate 360 Teams seats.

Priority support

You'll get regular health checks from our success coaches to make sure your team is loving Articulate 360. And when your team members need support, they'll always jump to the front of the line and get instant access to support specialists via live chat.*

Team access to Articulate 360

Give your team unlimited access to everything in Articulate 360.

Award-winning authoring tools

Get all of Articulate's authoring apps, so your team members have the power to choose the right tool for every project. And they can be confident content will look great on any device— no additional work required.

Graphic assets

Lower design costs with the ever-expanding Content Library. Everyone on your team can create pro-looking courses with fewer company resources.

Professional development

Build skills by joining industry pros in exclusive live webinars on everything e-learning.*

Faster project review cycles

Use Articulate Review to collaborate and collect stakeholder feedback quickly and easily in one simple web app.

Unlimited storage

Articulate 360 Teams includes unlimited storage, so everyone on your team will have all the room they need to collaborate on projects, even those with large multimedia files.

Subscribe and save

Buy 10 or more seats of Articulate 360 Teams to receive a volume discount. And if you're already an Articulate customer, you may qualify for additional, deeply discounted pricing.
